SAFE  **TREE**

Ivan Fredette & Kait Simpson

GUEST SPEAKERS

Allison Craig - Bio Forest

John Barker - Bio Forest

Madison Sturba - Invasive Species

What you need to know!

Three cases of Oak Wilt have been confirmed in Canada since May of 2023, two of them being here in Niagara Falls. Join our seminar to learn about this fatal fungal pathogen, and what you can do to help protect our oak trees. We will be covering a variety of topics, from the history, to identification, and prevention methods.

Register here!
